MEMORANDUM FOR THE RECORD

SUBJECT : Additional Information Regarding Conversation with Dr. Hugh L. Dryden, NASA, 21 September 1960

REFERENCE : Memorandum for the Record from Assistant Chief, DPD; Same Subject, dated 22 September 1960 (OXC-0894)

1. In paragraph four of the reference, I referred to a briefing BMD was planning for NASA and presumably other Government officials on the DISCOVERER Program. In a phone call from Dr. Dryden later during the day, I was able to confirm that this briefing had been requested by Dr. Glennen of General Schriever, and the personnel were to include Doctors Glennen and Dryden, Bob Siemens, General Don Ostrander, and Abe Silverstein, all of NASA.

2. I relayed the above information to Mr. Kiefer just before he left for the West Coast for the CORONA meeting, and he said he would make sure the CORONA or "black" side would not be covered in this meeting. Suggest that Security may wish to check with him.
